

Statistics Menu

<u>X,Y Data Editor</u>	Create, Edit, Save & Load statistical X,Y data for use in the Curve Fitting tool and in the calculator cumulative statistics.
<u>Curve Fitting</u>	Add six regression models to fit a curve over a two variable sample list created in the “X,Y Data Editor” tool.
<u>Normal Distribution</u>	Calculate probability density and cumulative probability (lower & upper tail) of a random variable with Normal distribution.
<u>Student-t Distribution</u>	Calculate probability density and cumulative probability (lower & upper tail) of a random variable with Student-t distribution.
