

# General Settings

This view shows all the settings of the calculator. You can bring it up, at any moment, selecting the “General Settings” item in the “Utilities” menu.

The image shows the 'General Settings' screen for a calculator, organized into three sections: CALCULATOR, FORMATS, and FEEDBACK. Each setting is accompanied by a red 'OFF' button and a green 'ON' button, or a numeric value with left and right arrow buttons for adjustment.

Section	Setting	Current Value / State
CALCULATOR	Show Registers	OFF
	Left Handed	OFF
	Clear Key	CLX
	Autolock Disable	OFF
	Display Brightness	9
FORMATS	Numbers Format	FIX
	Number of Decimals	2
	Decimal Separator	,
	Dates Format	M.DY
	Angle Unit	DEG
FEEDBACK	Highlight 'f' & 'g'	OFF
