

General Settings

This view shows all the settings of the calculator. You can bring it up, at any moment, touching the corresponding “**G PREF**” function in the keyboard or selecting “General Settings” in the “Utilities” menu.

The image shows the 'General Settings' screen of a calculator, organized into three main sections: CALCULATOR, FORMATS, and FEEDBACK. Each setting is accompanied by a red 'OFF' button and a green 'ON' button, or a numeric value with left and right arrow buttons for adjustment.

| Section | Setting | Value / Options |
|------------|---------------------|-----------------------------------|
| CALCULATOR | Show Registers | OFF / ON |
| | Left Handed | OFF / ON |
| | Clear Key | CLX / <- |
