

Help Documents View

This view allows to select a help documents to learn about all menu options and calculator's features. To show it, tap the [**Utilities**] button in the main menu select the "Help Documents" item.

The screenshot displays the 'Help Documents' view of the RLM-12CX calculator application. At the top, there are navigation arrows, a 'Calculator >' button, and a 'Menus >' button. The main content area is titled 'General Overview' and contains text describing the calculator's features and history. Below the text are three calculator interface screenshots: 'Landscape Orientation (Left Handed Setting OFF)', 'Portrait Orientation', and 'Landscape Orientation (Left Handed Setting ON)'. At the bottom, there is a 'Main Menu (OPT key)' section with buttons for Finance, Business, Cash Flows, Statistics, Math, Conversions, Program, Solver, and Utilities. Below the main menu is a 'Finance Menu' section with a button for 'Account Balance'. At the very bottom, there are four action buttons: an envelope icon (mail), a globe icon (webpage), a printer icon (AirPrint), and a yellow 'Done' button.
